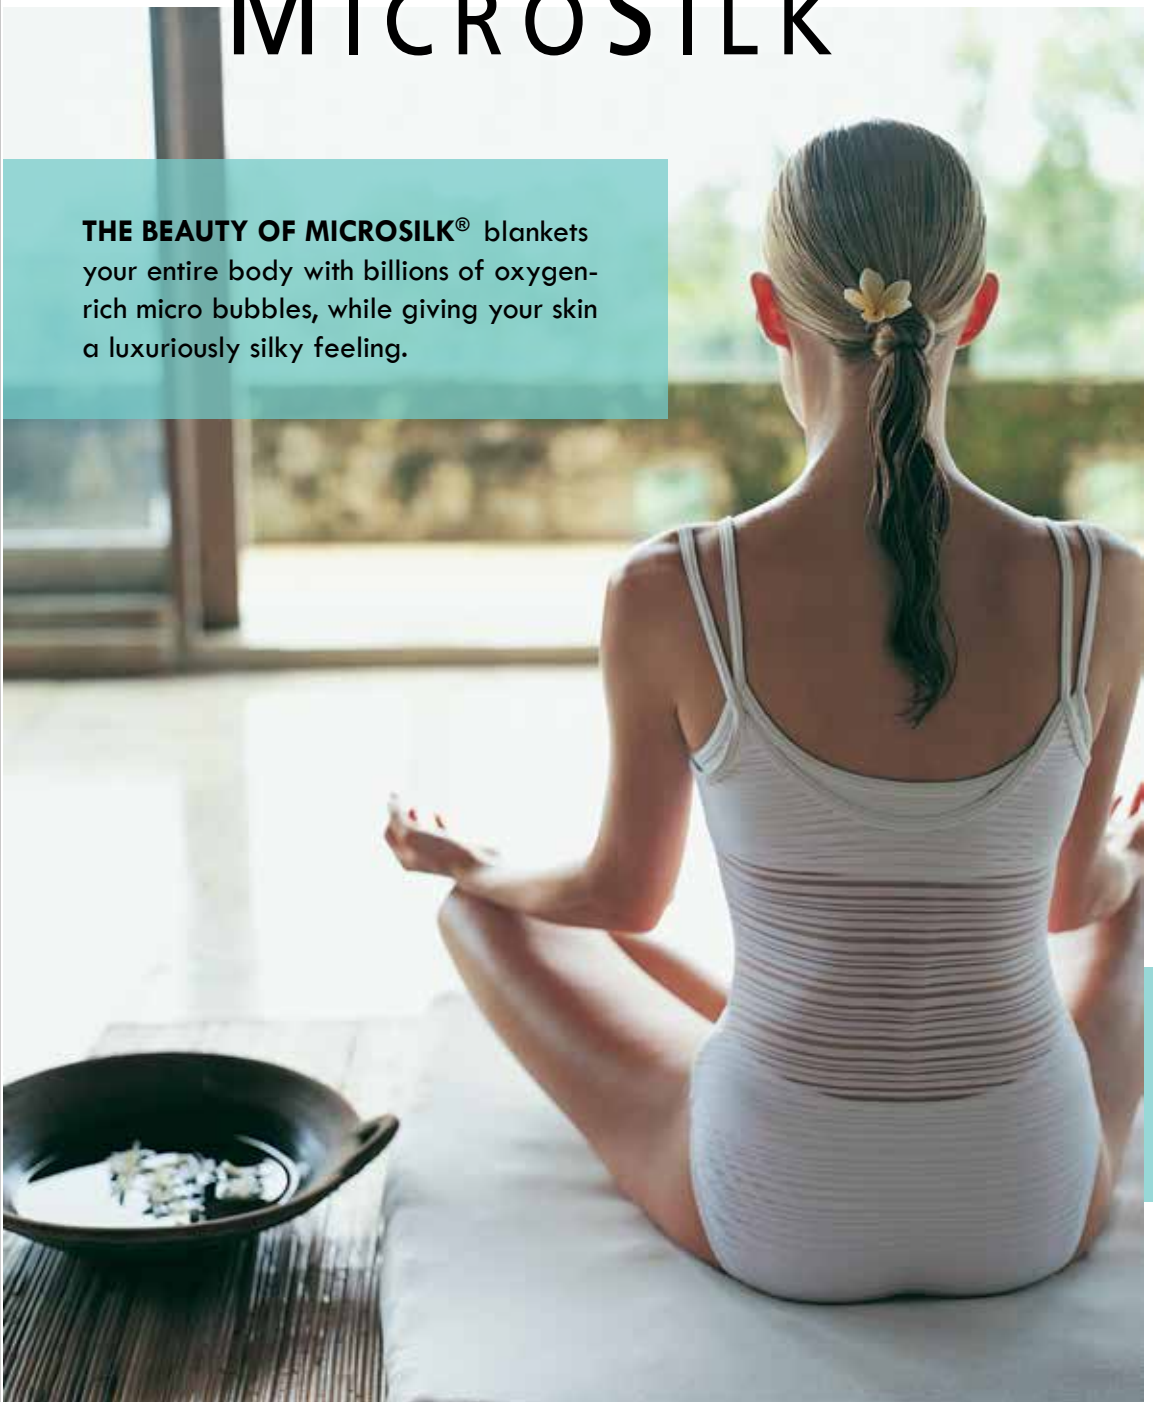
## SKIN REJUVENATION WITH MICROSILK®



**THE BEAUTY OF MICROSILK®** blankets your entire body with billions of oxygen-rich micro bubbles, while giving your skin a luxuriously silky feeling.

### MICROBUBBLES

Unlike traditional air bubbles, MicroSilk® microbubbles are small enough to enter pores and remove impurities. Soaking in a MicroSilk® spa is like giving your entire body a facial, **making your skin feel luxuriously, silky and younger looking.**

### OXYGEN LEVELS

With more oxygen than regular tap water, MicroSilk® increases the skin's metabolism while promoting skin cell growth. The oxygen-rich microbubbles **improve collagen production,** energize cells, stimulate your immune system, kill bacteria and promote healing.

### NEGATIVE IONS

MicroSilk's microbubbles are loaded with negatively charged ions. Negative ions are known to improve serotonin levels and **relax the mind & body.**

- **MicroSilk (Available only on Antigua 52, 45, 33, Barbados 63, Captiva 52, 46, 33, Grand Bahama 52, 45, 33, Nevis 45, 33 & Santa Cruz)**

The MicroSilk® spa option is not intended to cure conditions and individual results may vary. MicroSilk® and the MicroSilk® logo are trademarks or registered trademarks owned by Jason International, Inc. This product is not intended to diagnose, treat, cure, or prevent any disease.

# ADVANCED DIGITAL CONTROL SYSTEM

**WiFi Enabled | Color Graphics | Multiple Languages | Easy to Use | Diagnostics**

Artesian Spas' next generation spa control system takes spa control to a whole new level. The sleek new design includes a large, easy-to-read back-lit LCD screen, and easy to follow menus. With a simple download from Apple's App Store and Google Play for Android devices, you now have the ability to control your spa system wirelessly!

# WORLDWIDE WIFI APP MODULE

The Worldwide App Module option, allows you to access your hot tub using an app on your smart device (Android™ or iPhone®) via a direct connection anywhere in the local proximity of your tub. Gain access anywhere in your house that you can connect to your local WiFi network, or anywhere in the world you have an internet connection to your smart device via 3G, 4G, or WiFi hot spots.

With the app, you can ensure that your hot tub will be ready whenever you want to take a dip. The App provides full interface control so you can set the temperature, turn pumps on and off and even set filtration cycles - all from your smartphone or tablet.

*The app's cloud access cost is free for the 1st 12 months and then $24 per year after. If not renewed after 12 months, the app will continue to operate in local mode only. *WiFi module purchased separately.

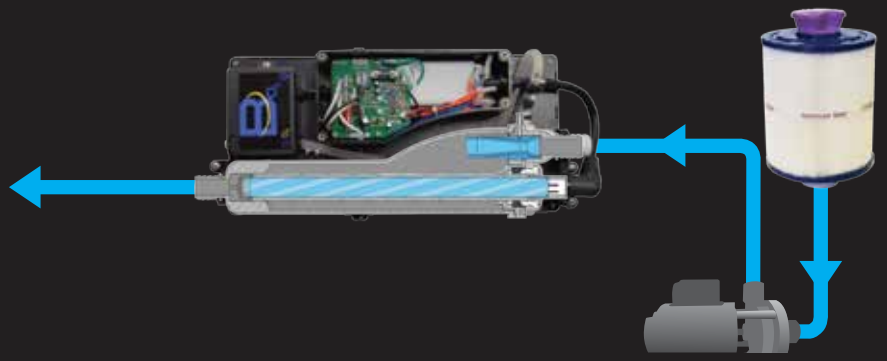
# WATER PURIFICATION

Our water purification system virtually eliminates the need for chemicals. Your skin will feel soft, clean and free of harsh chemicals. Clean spa water made easy...nature's way.

Diamond AOP™ ProPure Advanced Oxidation =



The Diamond AOP™ process combines the Nature2® option, Microfiltration, high efficiency Circulation Pump, and the AquaNova™ UVC & Ozone Spa Sanitizer, to create a highly advanced oxidation process (AOP) for water purification.

## FEATURES OF DIAMOND AOP:

* Sanitation lamp is fully serviceable, eliminating the need for AOP unit replacement.
* Indicator LEDs change colors to provide an alert for the need to replace the UV-C sanitation lamp.
* The AOP unit utilizes a dedicated Corona Discharge (CD) ozone generator in conjunction with UV-C to provide a highly effective sanitation process.
